# Premier Insurance Coverage That Fits Your Business

## HABITATIONAL

**QUALITY** coverage for your property.

Habitational property owners face unique challenges and risks. To mitigate those risks, you need an experienced and dedicated insurance agency to provide comprehensive policies that are tailored to meet your needs, first-class service that is just a phone call away, and advice from an expert in the case of an emergency. Our flexible approach to designing plans means you get all the coverage you need without the cost of additional coverage you may not want. Our service offering includes:

- Apartment buildings
- Condos
- Homeowners' associations/  
planned urban developments

## REAL ESTATE

We are **DEDICATED** to your business success.

Our real estate insurance provides comprehensive yet flexible coverage for property owners who lease or rent commercial space. We examine your goals, research the best solutions, and provide you with reliable real estate insurance advice so you can make an informed decision. We offer coverage for many types of real estate, including:

- Retail shopping centers
- Office buildings

## ARTISAN CONTRACTORS

**DEPENDABLE** coverage that supports your business.

We understand how critically important it is to protect the tools, equipment, and machinery you use to run your business. You cannot afford a loss of equipment, damage during transit or installation, or the cost of injuries at a job site. We design plans that are tailored to your exact specifications and provide safeguards against any hazards that may arise. We serve a wide variety of businesses, including:

- General contractors
- Janitorial services
- Plumbers, electricians, HVAC specialists
- Water damage/restoration services

## MANUFACTURING & WHOLESALE

Superior **SERVICE** is part of the package.

Whether you manufacture metal, plastic, food, clothing, or any other product, we have a proven track record of providing insurance coverage that truly works for you. Our manufacturing insurance plans reduce your risks, keep costs low, and bring you peace of mind.

We offer wholesalers and distributors dynamic insurance packages that are individually designed to protect your investments, regardless of the size and scope of your operation. Your goal is to meet the needs of your customers. Let us concentrate on meeting your needs with unmatched customer service, proven expertise, and policies that make sense.

## WORKERS' COMPENSATION

Valuable advice you can **TRUST**.

Most companies need workers' compensation insurance. All companies deserve comprehensive coverage to protect both the business and employees from harm. We work closely with you to develop a policy that is broad and inclusive in its scope, but narrow and decisive in its application. That means you get the best value at the lowest cost, and ensures that your workplace is covered for every potential risk.

## GROUP LIFE EXPERIENCE matters.

One of the most critical factors to the success of your business is attracting and retaining high-quality employees. A benefits package that includes a group life insurance plan provides an extra incentive for new employees, builds loyalty, and increases security. Kemper's flexible group life insurance plans are easy to understand and administer, offer unparalleled coverage, and come with professional service you can depend on.

## EMPLOYMENT PRACTICES LIABILITY

The right **PROTECTION** keeps your business running smoothly.

Employee lawsuits are on the rise. Without employment practices liability insurance, your business is vulnerable to exposure that could result in devastating financial consequences. Our employment practices liability insurance provides broad coverage against legal judgments and defense costs, and keeps you protected in the event of wrongful termination, discrimination, sexual harassment, and other employment-related claims.
